WIG

fund

For clients that are experiencing hair loss due to cancer treatments, medical issues, or genetics, we have every type of hairpiece to help. To make you as comfortable as possible, we have a private area in our salon where we offer these services.

We are dedicated to those affected by cancer. Your experience here will brighten your day and make you feel beautiful! For these clients, we offer:

- Complimentary wig consultations, fittings, and customization for you and the wig of your choice. We stock a number of modern wigs and accessories, and are happy to place a special order for you.
- We will trim/style a wig that you bring in to the salon for a minimal charge.

- First time wig kits are complimentary with your Joe's wig purchase. They include a stand, shampoo, conditioner, comb, a styling product, and instructions on caring for your wig.
- When your treatment is over, and your hair has begun to grow back in, we will trim and style your hair free of charge for up to six visits.

For those in need of a wig and whose insurance carriers do not support that purchase due to a high deductible or simply do not cover head prosthesis, Joe's has created a **Free Wig Fund**. This fund allows us to offer wigs to those in need at little to no cost. We also offer gently worn wigs which will be cleaned and available free of charge. We gladly accept donations of gently worn wigs.

Monetary donations of any amount will also be accepted. Since the creation of this Fund, we have donated approximately 10 new wigs, with prices for the wigs ranging from \$150 to \$650. Checks can be made out to "**Joe's Salon**" with "**wig fund**" in the memo line. If you would like any more information, please contact Karen at Joe's Salon 860.354.4806.

We are proud to be able to offer these services and work alongside Diebold Family Cancer Center in supporting and caring for our community.
